Addendum No. 3

PROJECT: **IFB 22-23-044** Apple Branch Sanitary Sewer Interceptor Reconstruction

DATE: December 16, 2022

For convenience, bidders may choose to submit a hardcopy printout of the Excel-based bid form in lieu of bid proposal pages PP-3 through PP-26 (as revised per Addendum 2).

If providing a printout of the Excel-based bid form, it should be printed on 11" x 17" (ledger) size paper using the "Fit Sheet on One Page" option within Excel. All unit prices and extensions must be visible on the printout. Somewhere on the printout, either typed or handwritten (legibly), the offeror's name or company name must be provided to distinguish its submittal from others.

All other bid proposal pages (PP-1, PP-2, PP-27, PP-28, and PP-29) shall be filled out and submitted with the unit price sheet.

Bidders assume all risks of utilizing the option to provide a printout of the Excel-based bid form in lieu of bid proposal pages PP-3 through PP-26 (revised per Addendum 2).

All other specifications remain the same.

Carol Henley
Carol G. Henley, Acting Director of Purchasing
